# Annual Prescriptions Dispensed by Walmart Per Capita
for Oxycodone and Hydrocodone
1/1/06 – 3/31/18

County	Population	Oxycodone		Hydrocodone		Oxycodone and Hydrocodone	
		Total Prescriptions	Annual Prescriptions Per Capita	Total Prescriptions	Annual Prescriptions Per Capita	Total Prescriptions	Annual Prescriptions Per Capita
Lake	229,550	64,136	0.023	73,406	0.026	137,542	0.049
Trumbull	210,118	20,951	0.008	53,357	0.021	74,308	0.029
Lake/Trumbull	**439,668**	**85,087**	**0.016**	**126,763**	**0.024**	**211,850**	**0.039**

Source: Expert Report of Craig J. McCann, Ph.D., with Backup Materials, April 16, 2021; Plaintiffs' Omnibus Motion in Limine and Memorandum in Support, *IN RE: NATIONAL PRESCRIPTION OPIATE LITIGATION*, August 12, 2021.

Note:
Calculated using Walmart's dispensing data from 2006 to March 2018. Annual prescriptions per capita is the total number of prescriptions divided by the population and then divided by 12.25, because the total number of prescriptions is over 12.25 years (2006 to March 2018). McCann's calculation of population is used for the purposes of this summary.

Annual Prescriptions Dispensed by Walmart Per Capita
for Oxycodone and Hydrocodone
2006 – 2014

County	Population	Oxycodone		Hydrocodone		Oxycodone and Hydrocodone	
		Total Prescriptions	Annual Prescriptions Per Capita	Total Prescriptions	Annual Prescriptions Per Capita	Total Prescriptions	Annual Prescriptions Per Capita
Lake	229,550	45,392	0.022	59,275	0.029	104,667	0.051
Trumbull	210,118	10,493	0.006	37,939	0.020	48,432	0.026
Lake/Trumbull	**439,668**	**55,885**	**0.014**	**97,214**	**0.025**	**153,099**	**0.039**

Source: Expert Report of Craig J. McCann, Ph.D., with Backup Materials, April 16, 2021; Plaintiffs' Omnibus Motion in Limine and Memorandum in Support, *IN RE: NATIONAL PRESCRIPTION OPIATE LITIGATION*, August 12, 2021.

Note:
Calculated using Walmart's dispensing data from 2006 to 2014. Annual prescriptions per capita is the total number of prescriptions divided by the population and then divided by nine, because the total number of prescriptions is over nine years (2006 to 2014). McCann's calculation of population is used for the purposes of this summary.
